

3/22/23

RE: Computer Extensions Support Price Increase

There will be a Price Increase for Computer Extensions Support Beginning 4/1/23, the monthly support charge will go from \$80 per month to \$100 per month.

In order to make Computer Extensions payments easier. I am setting up a new Computer Extensions Payment Portal. New invoices will be emailed to you and you can mail in payments, or make payments in the payment portal with a credit card or ach transfer.

I will be offering a one-time discount to stores that want to purchase a year of support at the old price of \$80 per month until the month of April. Even if you are not due to renew your support plan in April, you can purchase one additional year of support at \$80 per month. If you would like to take advantage of this offer, please email or call me.
